14:20 - 14:55	Session C12: Lessons from EKFB HS2's digital journey - From Excel to cloud technology Speaker: Lampros Arvanitis (Laminar Projects) & Lucy Rowsell (EKFB)	Session S5: Empowering Project Management: The Synergy of BIM Technology and Completion Management Speaker: Jan Christian Brataas & Neil Carlsen (Omega 365)	Session P5: Hinkley Point C - Integrated Project Controls Speaker: Beth Campbell & Andy Anderson (Hinkley Point C - EDF Energy)	Session I5: Critical Chain to Accelerate Delivery: A System of Work Based on 'The Rules of Flow' Speaker: Andy Watt (Goldratt UK Ltd) & Rene Nibbelke (BAE Systems Plc)
15:00 - 15:35	Session C13: A case study in setting up a PMO Speaker: Dr. Magali Bruna (Laing O'Rourke)	Session S6: Establishing Actionable Schedule KPIs and Dashboards Speaker: John Jackson (Encore Group/Schedule Validator)	Session P6: HS2 - Project Controls, leaving a legacy Speaker: James Dalton, Modebayo Johnson (AtkinsRéalis), Colette Ricketts (HS2) & Samantha Price (Turner & Townsend)	Session I6: Dynamic Delay Analysis Speaker: Sunil Kumar & Hamza Afdhal Mehdi Mirza (Petroleum Development Oman)
15:40 - 16:10	Afternoon Coffee Break @ Great Hall			
16:15 - 16:50	Session C14: Rapid PMIS Procurement and Implementation for Major Infrastructure Project in Norway Speaker: Mats Nyland (Baseline AS) & Jordan Cannon (InEight)	Session S7: Derailers of digital transformation in the construction sector Speaker: Dr. Maged Elhawary (Analytica)	Session P7: How to deal with the specifics of very long duration megaprojects such as in the nuclear industry Speaker: Jeremie Averous (Project Value Delivery)	Session I7: Risk Maturity Model for Risk Professionals : Have you got the skills for the next wave of innovation? Speaker: Charlotte Candy (AECOM)
17:05 - 17:45	Panel discussion and Audience Q&A @ The Atrium (Topic-Impact of AI in Project Delivery especially within Project Controls space)			
17:45 - 18:45	Evening Social offering final opportunity to network with pint of beer, wine and soft drinks @ Great Hall (Open to ALL)			
18:15 - 19:30	Stadium Tour			

Partner Showcase @ Great Hall

Expo UK Headline Partner

ORACLE
Construction and
Engineering

ORACLE
Construction and
Engineering

Get control of your projects

The Oracle Smart Construction Platform combines industry-trusted applications with a common data environment and an ecosystem of partners to help owners and delivery teams work together to continuously improve outcomes. With applications to plan and optimise portfolios, maintain schedules, control costs and contracts, automate processes, the platform synchronises activities and resources while connecting teams and empowering individuals with predictive insights to make well-informed, proactive decisions.

Modern cloud applications with NEC4 contract support, best in class Oracle technology and highly compliant, secure infrastructure provide the foundation to outperform expectations while keeping your data safe.

Expo UK Platinum Partner

BAE SYSTEMS

At BAE Systems, we help our customers to stay a step ahead when protecting people and national security, critical infrastructure and vital information. We provide some of the world's most advanced, technology-led defence, aerospace and security solutions and employ a skilled workforce of 90,500 people in more than 40 countries.

From state of the art cyber threat detection to flight control systems that enable pilots to make better decisions, we never stop innovating to ensure that our customers maintain their advantage. This is a long-term commitment involving significant investments in skills. We also work closely with local partners to support economic development through the transfer of knowledge, skills and technology.

Planisware

Planisware is a leading business-to-business (B2B) provider of Software-as-a-Service (SaaS) in the rapidly growing Project Economy. Our mission is to provide solutions that help organisations transform how they strategise, plan, and deliver their projects, project portfolios, programs and products.

Planisware Orchestra

A turnkey cloud solution to quickly streamline your project decision-making, foster collaboration and ensure best practice across your whole organisation.

Planisware Enterprise

Built to capture your strategy, align your portfolio, execute your projects, accelerate your products to market, and co-ordinate your teams efficiently.

www.planisware.com
info@planisware.com
0161 240 9180

**500 customers and 800,000+
users worldwide**

All Planisware customers are forward-thinking organisations that reinvent processes and create new services, new products, and more to bring about positive change and foster growth.

Planisware is recognised as a Leader in the Gartner "Magic Quadrant for Adaptive Project Management and Reporting Tools."

Gartner

Expo UK Gold Partner

Cora Systems is a worldwide leader in providing enterprise project and portfolio management solutions enabling enterprise organizations to successfully plan and manage projects, profitably.

Everything you do and make gets delivered on time and on budget, thanks to Cora's seamless integration of your schedules, forecasting, resources and financial controls.

By streamlining and centralizing all your data, in real time, you gain immediate and effortless control, governance and insight into every project and across your portfolio. Those gaps between planned and actual costs and delivery are eliminated, so your costs and waste go down and your margins and revenue soar.

Every day, over \$100 billion worth of projects are managed on the Cora platform, supporting hundreds of thousands of users across multiple locations in 50+ countries around the globe.

Learn more about how our clients including Honeywell, Northrop Grumman and Boston Scientific, use Cora to drive project profitability and optimize their portfolio with predictable, actionable insights,

Visit : www.corasystems.com

Gain the Power of Predictability

Cora empowers enterprise organizations to successfully plan and manage long-term projects, profitably.

\$450m improvement to bottom line	55% reduction in forecast volatility	50% reduction in cancelled projects
40% reduction in project deviation	10hrs reporting reduced to seconds	1 Single source of truth
