WORLD'S LARGEST EVENT FOR

PROJECT CONTROLS

USA EDITION

Networking | Education | Opportunities

25-27 SEPTEMBER
2023

NATIONALS PARK,
WASHINGTON DC

Intro

The world's largest project controls event, with a presence in the United States, the United Kingdom, and Australia and rapidly expanding to other parts of the globe, is built on three pillars: education, networking, and commercial opportunities.

Project Controls Expo (PCE) provides a unique forum for learning as well as the opportunity for the exchange of ideas across industries through its 7 educational seminar streams based on industry-related topics, as well as the opportunity for delegates to examine the most recent products and services as solutions to their pain points in the partner showcase accompanying the presence of major corporations in the industry.

There are numerous networking opportunities to round out the Expo experience, ranging from the popular pitching and batting experience to evening drinks functions within the Stadium, creating a genuine and unparalleled sense of community event across all three days of PCE USA.
