Agenda Snapshot

Monday, 25th September 2023 | Day 1

Time/ Venue	Day 1- Activity Day @ Nationals Park
1 - 3 PM (2 hours) - Batting Practice @ Nationals Batting Cages	
4 - 5 PM (1 hour) - Ballpark Tour @ Nationals Park	
1 - 6 PM (5 hours) - Partner Showcase Set Up @ Champions Club - 1 st Base	

Tuesday, 26th September 2023 | Day 2

Time/Venue	Track 1 @ Conference Center - Kennedy Case Studies Zone (Expo Day 2)	Track 2 @ Conference Center - Roosevelt Smart Construction Zone	Track 3 @ Conference Center - Regan Workshops	Track 4 @ Champions Club - 3rd Base Technology Zone
08:00 - 08:45	Registration @Registration Desk Breakfast @Champions Club - 1 st Base			
08:45 - 08:50	Introduction by Christina N. Snyder, CCEA (ICEAA) @ Champions Club - 3rd Base			
08:50 - 08:55	Welcome & Opening Remarks by Anil Sawhney (RICS) @ Champions Club - 3rd Base			
08:55 - 09:15	Keynote (The Human Factor in Project Delivery) by Brian McCarthy (CMAA) @ Champions Club - 3rd Base			
09:15 - 09:20	Headline Partner Remarks by Ryan Kubacki (Contruent) at Champions Club - 3rd Base			
09:35 - 10:10	Session C1: Escalation Price Adjustment: A Case Study in a 100 Million FIDIC Contract Speaker: David Chigne (Alpha Three Consulting, LLC)	Session S1: Understanding How to Improve Clarity & Consistency in Project Controls with BIM Speaker: Sadia Janjua & Ashley Turner (Port Authority of NY and NJ)	Session W1.1: Integrated Project Controls with Risk & Value Management Focus Speaker: Christopher Carson & Andrew Bates (Arcadis U.S., Inc.)	Session T1: Building Digital Trust in Construction Project Controls Speaker: Rich Humphrey (Contruent)
10:15 - 10:45	Mid-Morning Coffee Break @ Champions Club - 1 st Base			
10:50 - 11:25	Session C2: Saving More Than Just Deadlines How Disciplined Schedule Management Changed a Project's Culture Speaker: Henry Chance (Boeing)	Session S2: Cost and Carbon Estimating - There is no 'do nothing' option Speaker: Professor Andrew Langridge (Sterling DCS)	Session W1.1: Integrated Project Controls with Risk & Value Management Focus Speaker: Christopher Carson & Andrew Bates (Arcadis U.S., Inc.)	Session T2: Innovative technologies for planning and improving safety Speaker: Brian Wienke (Oracle)
11:30 - 12:05	Session C3: SmartPM: Safeguarding Project Success with Automated Project Controls Speaker: Michael Pink (SmartPM Technologies, Inc.)	Session S3: Eliminating uncertainties and de-risking execution - digital block driven project delivery Speaker: Yogesh Srivastava (Teknobuilt)		Session T3: One-Size Does Not Fit All! - The Diversity and Evolution of QRA Use-Cases throughout a Project's Lifecycle Speaker: Chris Ritson (Safran Software Solutions)
12:10 - 12:45	Session C4: Analyzing Schedule Impacts Using The Half-Step Schedule Analysis Methodology On Projects Where Lost Time Was Recovered Through Schedule Mitigation Speaker: Michael O'Boyle (Point Construction Advisory Group, LLC)	Session S4: Cracking the Code: Demystifying Programming Languages for Data Analytics Speaker: Kyle Ferris & John Maddrey (Tecalote Research, Inc.)		Session T4: AI and Cost Estimation: Data Science's Expanding Role in Cost Estimating Speaker: Kevin McKeel (Logapps LLC)
12:10 - 12:45	Lunch Break @ Champions Club - 1 st Base: Standing Lunch Area (for Partners ONLY)		12:45 - 14:15	Lunch Break @ Champions Club - 1 st Base: Standing Lunch Area (for Delegates ONLY)
14:20 - 14:55	Session C5: Program Controls Engine Case Study Speaker: Osama Abdelfatah (AECOM) & Richard Rients (Ineight)	Session S5: Department of Defense construction cost estimation Speaker: Paul Franklin Jr (U.S. Navy Engineering Logistics Office)	Session W1.2: EVM: A Practical Approach Speaker: Michael Nosbisch (SMSI, LLC)	Session T5: Integrated project management system for construction projects Speaker: Shane Butt (Omega 365 USA)
15:00 - 15:35	Session C6: 3 Proven Practices to Improve EVM Adoption Speaker: Tim Boatwright (K2 Consulting)	Session S6: Data, digitalization, and standards as allies for better project outcomes Speaker: Anil Sawhney (RICS)		Session T6: Job Shop Scheduling Methodology for Partitionable Projects Speaker: Prasad Velaga (Optisol, LLC)
15:40 - 16:10	Afternoon Coffee Break @ Champions Club - 1 st Base			
16:15 - 16:50	Session C7: Spread Thin: Managing Coefficient of Variation in Monte-Carlo Based Cost Models Speaker: Stephen Koellner (Augur Consulting)	Session S7: Do you have a carbon strategy for your project? Speaker: Anil Sawhney (RICS)	Session W1.2: EVM: A Practical Approach Speaker: Michael Nosbisch (SMSI, LLC)	Session T7: Establishing Actionable Schedule KPIs and Dashboards Speaker: John Jackson (Encore Group/Schedule Validator)
17:05 - 17:45	Panel Discussion and Audience Q&A @ Champions Club - 3rd Base (Topic- Pioneering Sustainability and Productivity: Embracing Organizational Change for Digital Transformation in Construction and Infrastructure with IoT, PMIS, AI, and Asset Lifecycle Management)			
18:00 - 19:00	Evening Social & Networking @ Champions Club - 3rd Base			

Partner Showcase @ Champions Club - 1st Base

Agenda Snapshot

Wednesday, 27th September 2023 | Day 3

Time/ Venue	Track 5 @ Champions Club - 3 rd Base Masterclass Zone	Track 6 @ Conference Center - Regan Case Studies Zone (Expo Day 3)	Track 7 @ Conference Center - Roosevelt Innovation Zone	Track 8 @ Conference Center - Kennedy Megaprojects Zone
08:00 - 08:45	Registration @Registration Desk Breakfast @Champions Club - 1 st Base			
08:45 - 08:50	Introduction by Rachel Smallwood (Rock Solid Solutions/PMCOS) @ Champions Club - 3rd			
08:50 - 08:55	Welcome and Opening Remarks Mark Gedris (CMAA) @ Champions Club - 3rd Base			
08:55 - 09:15	Keynote (U.S GAO Project Control Best Practices Guides) by Jason Lee (US GAO) @ Champions Club - 3rd Base			
09:15 - 09:20	Headline Partner Remarks by Andy Verone (Contruent) at Champions Club - 3rd Base			
09:35 - 10:10	Session M1: Integrating Cost and Schedule to Improve Project Delivery Speaker: Eric Wilson (Pivotal)	Session C8: Successfully Implementing Project Controls Speaker: Jim Short (Amtrak)	Session I1: Advancing Innovative Program Controls on Mega Programs Speaker: Drew Pearce, Hans Hoppe, Maria Mercedes Mata Zurita (WSP USA)	Session P1: :Effectively Scaling Project Controls to Address Rapid Project Portfolio Growth Speaker: Marc Caruso & Brendan Paradis (MBTA)
10:15 - 10:45	Mid-Morning Coffee Break @ Champions Club - 1 st Base			
10:50 - 11:25	Session M2: Proactive Project Controls - An Owner's Perspective Speaker: Luis Terry & Sam Cooper (AtkinsRéalis)	Session C9: How to Get Business Value out of Change Management Speaker: Karl Vantine (Contruent)	Session I2: Utilizing Lidar and Photogrammetry on Unmanned Aerial Vehicles for Quantification of Excavation and Backfills Speaker: Douglas Marner (BC Hydro)	Session P2: Value Planning in Megaprojects Speaker: Anthony Dunams & Christopher Carson (Arcadis U.S., Inc.)
11:30 - 12:05	Session M3: Considerations For Implementing an EVMS Speaker: Robert Ameen & Kelsey Johnikin (BDO USA, LLP)	Session C10: Burning the ships: Going all-in for the new vision in digital transformation Speaker: Steven Ciancio (Chemex Global) & AJ Waters (InEight)	Session I3: Using innovative integrated technology solutions to drive Earned Value efficiencies for the UK Ministry of Defence Speaker: David Hurren (RPC UK Ltd)	Session P3: Insourcing Data Management for Advanced Work Packaging Speaker: Geoff Ryan (Insight AWP)
12:10 - 12:45	Session M4: How does current Critical Path definitions consider resources? Is it time for a change? Speaker: Mostafa AbdelRazik (PMIS Inc.)	Session C11: Airing Dirty Laundry - A Cleaner Approach to Tracking Delays Speaker: Raquel Floyd & Rachel Smallwood (Rock Solid Solutions/PMCOS)	Session I4: Project Controls at Converge Banking Suite Speaker: Ryan Geyer & Mohar Chakrabarty (Deloitte Consulting)	Session P4: Overview of Project Controls System for Delivering a Maga Project In San Francisco Speaker: Mojgan Yousefkhan (City and County of San Francisco)
12:10 - 12:45	Lunch Break @ Champions Club - 1 st Base: Standing Lunch Area (for Partners ONLY)		12:45 - 14:15	Lunch Break @ Champions Club - 1 st Base - Standing Lunch Area (for Delegates ONLY)
14:20 - 14:55	Session M5: You're Quite Ready for a Schedule Risk Assessment, but is your Culture? Speaker: Thomas Polen (ClearPlan LLC)	Session C12: The Space Between Us: A Novel Collaborative Spacecraft Estimating Framework Speaker: Benjamin Truskin & Alex Wekluk (Technomics, Inc.)	Session I5: Implementing Risk Management in an Integrated Project Controls Phased Environment Speaker: Richard Citrine & Andrew Bates (Arcadis U.S., Inc.)	Session P5: Shining a Light on the Battles of Data Collection and Management Speaker: Omar Akbik & Abby Schendt (Technomics)
15:00 - 15:35	Session M6: Project Controls Engineers Development Programme: Petroleum Development Oman as a Case Study Speaker: Ahmed Al-Lawati (Petroleum Development Oman)	Session C13: The Digitization of Capital Projects and Infrastructure in the Public Sector Speaker: Anand Desai & Caitlin Malcolm (Accenture)	Session I6: Pull Planning using Project Flow Diagrams Speaker: Wayne Greenwood (Priority Management Australia and Endfirst plans inc)	Session P6: Taking Mega projects to a new level of performance Too often heard: "Achieving great project performance is hard and getting harder". Speaker: Fred Buckman Jnr (Partners in Performance)
15:40 - 16:10	Afternoon Coffee Break @ Champions Club - 1st Base			
16:15 - 16:50	Session M7: Project Control for Owners' Small Project Portfolios Speaker: James Cravens (Pathfinder LLC)	Session C14: Web Applications for Cost Analysis Use: R Shiny vs Python Plotly Dash Speaker: Eric Hagee (Tecolote Research, Inc.) & Christine Clay (ITero Group, LLC)	Session I7: Unleashing the Power of AI-Driven Data Discovery to Enhance Construction Project Controls Speaker: Vladimir Milovanovic (Lupa Technology Inc.)	Session P7: Managing Productivity on Mega Projects Speaker: Shiv Pathak (Fluor Corporation)
17:05 - 17:45	Panel Discussion and Audience Q&A @ Champions Club - 3rd Base (Delivery Partner: How Shared Accountability and Common Truths Drive On-Plan Performance)			
18:00 - 19:00	Evening Social offering final opportunity to network with pint of beer, wine and soft drinks @ Champions Club - 3 rd Base Side (Open to ALL)			

Partner Showcase @ Champions Club - 1st Base

Master Project Controls with Confidence

Contruent Enterprise is more than just software—it's a catalyst for transformation. It empowers you to take control of your projects, minimize delays, and maximize productivity.

Purpose-Built by Experienced Professionals Who Do What You Do

Contruent is the premier capital project management software solution that is faster to deliver across the entire project lifecycle. By integrating cost and schedule, our solution comes project-ready, out-of-the-box with over 25 years of best practices built in. The result is higher accuracy, speed, and cost efficiency.

Business Outcomes You Can Count On

Organizations around the globe utilize Contruent Enterprise to support these key project controls areas:

- Optimize Project Spend and Performance
- Manage Contracts & Contractor Activity
- Improve Visibility to Make Informed Decisions
- Account for Change & Maximize Efficiency

The background of the slide features a large construction crane, possibly a tower crane, silhouetted against a warm, orange-hued sunset sky. The crane's lattice structure is prominent, extending from the top left towards the right side of the frame. The overall aesthetic is professional and industrial.

Contruent

We empower decision-makers to build our world's infrastructure with precision and speed.

A Hobson study on a sample organization using Contruent with an average annual project spend of \$2B, overspending on their contracts by ten percent, and averaging ten days for period close-outs:

Optimize Project Spend & Performance

\$167M

Annual benefit after reducing annual project spend by 1%

Account for Change & Maximize Efficiency

\$25M

Annual benefit after reducing time spent on change mgmt. by 70%

Manage Contracts & Contractor Activity

\$30M

Annual benefit after reducing annual contract spend by 0.50%

Improve Visibility For Informed Decisions

\$3M

Annual Benefit after reducing time spent on data collection by 80%

TOTAL VALUE OF

\$225M

GENERATED OVER 3 YEARS

Expo USA Platinum Partner

ORACLE
Construction and
Engineering

The Oracle Smart Construction Platform combines industry-trusted applications with a common data environment and an ecosystem of partners to help owners and delivery teams work together and continuously improve outcomes. With applications to maintain schedules, streamline cost and contract controls, collaboration, process automation, and 3D/BIM, the platform helps synchronize activities and resources while connecting teams and empowering individuals with predictive insights to make well-informed, proactive decisions.

As the only project management cloud provider with both FedRAMP and DISA authorizations for high-compliance security, Oracle Smart Construction Platform gives you the tools to outperform expectations while keeping your project data safe.

Expo USA Platinum Partner

WSP is one of the world's leading professional services firms - providing technical expertise and strategic advice to clients in the Transportation & Infrastructure, Property & Buildings, Environment and Energy sectors, as well as offering project and program delivery services.

Over the past 25+ years WSP's Project Controls and Technology (PC&T) Group has used the latest technology and applied it to our traditional project controls practices to help clients deliver their projects on time and on budget. We have successfully implemented cutting edge technology to enhance delivery and data visualization for our clients.

We **CREATE** clarity for clients by capturing and presenting critical data – uncluttered and in real-time – allowing for informed and timely decisions. We **NAVIGATE** through the challenges that arise by anticipating and addressing them before they materialize through data-driven trends, forecasts, and predictive modeling. We **INNOVATE** by utilizing our unmatched experience and our focus on emerging technologies. That's why our teams and our solutions are quick to deploy, always scalable and focused on the right solution for our clients.

WSP Project Controls and Technology

Building Insights to Inform and Elevate Project Delivery

Expo USA Platinum Partner

As Oracle Primavera specialists, RPC UK Ltd has been helping clients to deliver their projects successfully since 1992. We offer the full end-to-end lifecycle for providing a Primavera solution, creating a holistic environment in which programmes and projects are routinely completed successfully - on time and within budget - and returns on investment fully realised.

Our innovative pre-built Solution Sets utilise Oracle's Primavera Unifier and enable clients to expedite the deployment of previously complex project controls solutions across a number of common business areas. When deployed with our NEC4 Contract Management Solution, Unifier can deliver not only a more comprehensive system for managing and controlling an NEC4 Contract on its own, but direct links to Cost Management, Primavera Scheduling tools and the reporting capabilities that this offers. We believe it is the most powerful and fully integrated projects control platform available.

How can RPC transform your project controls?
