

Project Controls EXPO

31st Oct 2012, Twickenham Stadium

200 Whitton Road, Twickenham, TW2 7BA

Venue Details

Churchill Suite & Conference rooms (Brunel rooms 2, 3 & 4)

Directions

By Road: Twickenham Stadium is on the northern side of the A316 into London. From M25, exit at J12 onto M3. This becomes the A316, and Twickenham Stadium is off the Whitton Road roundabout next to the Lexus / Toyota car dealership. From London, turn right off the A316 at Whitton Road roundabout. Please do leave additional time if you are arriving at the stadium during peak travel hours as the A316 can get busy during this time.

Parking at the stadium is free of charge for delegates, sponsors, exhibitors and speakers. The event is taking place at Churchill Room which is at south stand. please park in the main car park (accessed via the main gate on Rugby Road, TW2 7RE for satellite navigation).

Accommodation

The London Marriott Hotel Twickenham sits within the South Stand of Twickenham Stadium, and offers a contemporary and modern design with superb facilities. The hotel is connected to the spaces in the Stadium by an internal walkway.

The hotel is perfectly located for guests to enjoy many local attractions including Hampton Court Palace, Kew Gardens and the River Thames. Alternatively guests can take a leisurely swim or workout in the flagship Virgin Active Classic Health Club attached to the hotel. Enjoy the cuisine of the feature restaurant, or relax in the bar at the heart of the hotel which will typify the hotel positioning as London's ultimate destination for business and sport. (For more information and to make a booking, please visit the London Marriott Twickenham website)

By Public Transport

Train/Tube:

The nearest train station is Twickenham which is a short walk from the stadium. Turn right out of the station and then down Whitton Road. Regular trains run to Twickenham from London Waterloo, Clapham Junction, Reading, Ascot and Windsor & Eton Riverside. Other stations near to the stadium are Whitton, St Margaret's and Hounslow. The nearest underground stations are Richmond (also mainline and silver link Metro – West North East London link) on the District Line and Hounslow East Piccadilly Line.

Bus:

The buses 281, 267 and H22 both have regular services which pass close to the stadium. Alternatively, take the R68, R70, 290 or 490 to Twickenham town centre – the stadium is a 10 to 15 minutes walk.

Air:

Twickenham Stadium is approximately 6 miles from London Heathrow, 20 miles from London City Airport and 30 miles from London Gatwick.

About Us

Project Controls Expo is organized by **ProjectControlsOnline.com** (PCO) also popularly referred as "Global Home of Project Controls".

PCO is the largest Project Controls central repository and knowledge base with presence in all 7 continents and over 150 countries. We are first choice of all Project Controls stakeholders (providers and consumers) as a venue for informational exchange across all industries that apply Project Controls principles.

Visit PCO to explore its Premium features such as **Video Training Modules** and **Premium Library** along with many other services i.e., **White Papers** and **Presentations, Glossary, Conference Presentations, Free Library, Paperback Literature, Practitioners Guide, Blogs, Tools** and **JobZone**, for the benefit of Project Controls Community.

PCO is managed by a global network of Senior Project Controls professionals who come from a variety of different industries. PCO leadership consists of "Core Team" together with a "Board of Advisors" from around the world. Under this leadership team, PCO boasts an impressive band of subject experts whose expertise spans the full spectrum of Project Controls. We are independent and not biased towards any technology, process, software or company.

PCO is a non-profit organisation and the revenue generated from its features is invested into its maintenance and further enhancement. All the team members are volunteers and working towards achieving our following vision

- ▶ To be the first choice of all Project Controls stakeholders -- providers and consumers
- ▶ To promote a universal understanding of Project Controls value and processes
- ▶ To develop a central repository of data on Project Controls
- ▶ To generate awareness and offer expert guidance on Project Controls tools & practices.
- ▶ To build the first exclusive network of genuine Project Controls practitioners and their customers.

Hope you enjoy your time at Expo and we always look forward to your suggestions to help us improve.

Thanks,
PCO & Expo Team
